SUMMARY

Full-stack web developer with a background in dispatching. Trained at University of Denver coding boot camp and earned a certificate in full-stack web development. Innovative problem-solver passionate about developing apps; focused on mobile-first design and development. Strengths in creativity, teamwork, and building projects from ideation to execution.

TECHNICAL SKILLS

Front-end Development:

- HTML/CSS
- JavaScript (and frameworks like React.js)
- Bootstrap and Bulma
- Responsive Design principles

Back-end Development:

- Node.js/Express.js
- PostgreSQL, SQL

PROJECTS

Radiant Soul Esthetics | <https://radiant-soul-esthetics.onrender.com/>

Radiant Soul Esthetics is an ecommerce site for esthetician services.

- My responsibilities were styling the page with React.js and CSS, making the app responsive, and setting up the SendGrid functionality.
- The website uses Stripe for payment, MongoDB for the database, JWT for user authentication, bcryptjs for password hashing, and SendGrid for email services.

Dark Whispers | <https://github.com/sentorus67/DarkWhispers> | <https://darkwhispers.onrender.com/>

Dark Whispers is an interactive text-based adventure game designed to provide users with a captivating and immersive experience. The project is built using modern web development technologies and follows the

Model-View-Controller (MVC) architectural pattern to ensure a clear separation of concerns and maintainability.

- My core responsibilities were handling user authentication, creating and seeding the database and creating the server.
- The website uses Bulma for styling, JWT token for security and authentication, bcrypt to hash passwords and Handlebars.js for the template engine.

EXPERIENCE

Dispatcher 2022 - current

Federal Protective Service, Denver, CO

Monitor alarms and dispatch officers to government buildings. Effectively work with a team, relying heavily on verbal and written communication to get responders to a scene efficiently.

Operations Manager 2021-2022

G2 Secure Staff, Denver, CO

Worked with United to handle all of their fueling, wheelchair assistance and aircraft cleaning. Managed a team of approximately 100 employees and worked to ensure there were no delays on outbound flights.

Dispatcher 2018-2021

Icom Dispatch, Oak Harbor, WA

Dispatched for law, fire and EMS, taking emergency and non-emergency calls. Working in a very team-based setting we relied on our partners having room awareness and making notifications to responders without being asked.

Store Manager 2015-2018

T-Mobile, Oak Harbor WA

Managed a team of 5-8 employees, overseeing the daily operations of the retail store, ensuring exceptional customer service and achieving sales targets. Trained new hires on company policies, products, and sales techniques, while also providing ongoing coaching and development opportunities for existing team members.

EDUCATION

Program Certificate: University of Denver – Graduation date of August 13th, 2024.
